FAQ

This list includes many of the sources we read on a regular basis to stay informed: Best All-Purpose Sites: News, Reviews, Benchmarks: One of our favorite sites for benchmarks.. A fantastic German-language resource for monitor reviews Unfortunately, the English version of the site has not been updated for years, but your browser should be able to translate the German version.

Another highly regarded name in the hardware review space Is very useful for comparing performance of parts.. Well-respected reviews and benchmarks Tons of tech reviews, including PC hardware and beyond.. How to use pcsx2 emulator on mac Solid benchmarks Honest reviews Great photos with their reviews.

More great benchmarks, especially for 1440p and 4K gaming A nice resource, if you can look past the fact that they're Canadian.

Not only legit reviews, but legit benchmarks Also some occasional surprises, like.. Quick, easy specifications for every graphics card on the market A Russian site with some excellent GPU benchmarks.. The important thing to remember, however, is that he died on a quest for knowledge.

An excellent resource for monitor reviews — possibly the best monitor reviews around.. So, did we leave off any of your favorites? Let us know in the comments!. We didn't even cover great places to get feedback on your build ideas, such as, but we might save those for a separate blog post on the best places to get feedback and ask questions.. At Logical Increments, our job is to recommend the best hardware for building a PC on any budget from great review sites just like.. What's good for the goose, is not good for the gander Let's say John and Jane test drives every available browser.
